INTERNATIONAL CONFERENCE ON TECHNOLOGY AND OPERATION MANAGEMENT (ICTOM 2014)

www.hiccob.uum.edu.my

Organized by:

Supported by:

Introduction

This conference is organised by School of Technology Management and Logistics, Universiti Utara Malaysia, in conjunction with UUM 30th Anniversary Celebration in 2014.

International Conference of Technology and Operations Management 2014 (ICTOM 2014) is also strongly supported by Bandung Institution of Technology (ITB), Indonesia and Prince of Songkla University (PSU), Thailand. The aim of this conference is to bring together academicians, leading engineers, industrial practitioners, researchers, and postgraduate students from all over the world to exchange and share their experiences and knowledge related to Technology and Operations Management field.

This conference serves as a platform for the delegates to present their findings and create collaboration opportunities between academicians and practitioners in the field. Selected papers will be published in Journal of Technology and Operation Management (JTOM) and other invited journals.

Objectives

The conference was organized to achieve several objectives as follows:

- Facilitate exchange of ideas on contemporary issues and challenges of corridor development at national and international level;
- Provide networking among stakeholders of corridor development at national and international level;
- Generate innovative ideas to produce a broad impact and sustainable development in corridor development region
